

The Bulletin.

NEWS OF THE CITY.

A new supply of Call Boots and Gaiters just received at P. Neff's, No. 59 Ohio Levee.

The election for Supreme Judge did not create even a ripple of feeling. The few votes cast were unanimously for Judge Bressé. The polls in most of the country precincts were not opened.

County Court adjourned at noon today, until July 2nd. Owing to the absence of the Sheriff they were unable to consummate the chief aim of the session, and hence the adjournment.

Ventilated hats in entirely new styles, the most comfortable and delightful hat ever worn at Jno. Antrim's.

The strawberry festival by the ladies of the Church of the Redeemer will be held in the First National Bank building, Ohio Levee, on Thursday evening the 9th instant. Arrangements have been made for an abundant supply of large fresh berries, the choicest ice cream, cake, etc., and as the affair promises to be the last one of the kind during the season, everybody should, and most likely will be in attendance.

Youths' boys and children's clothes, a lot than New York prices, will be sold this week, at P. Neff's, regardless of cost.

Yonno Gibbons, who was committed to jail a few weeks ago on a charge of larceny, was discharged from custody yesterday on the affidavit of the owner of the property who swore that the prisoner was guilty of the charge preferred against him. We congratulate the young man upon his release and hope that, in the future, his character for honesty will be like the virtue Carson sought in a wife—above suspicion.

COME AND SEE ME.—If you want bargains in clothing and furnishing goods, corner of Sixth street and Ohio Levee is the best place to buy them.

"ON THE MOVE."

Mr. H. M. Hulen has returned to his old business, 134 Commercial avenue, and invites his friends, and the rest of mankind, to call and see him. He has a very full stock of the choicest groceries, provisions, canned fruits, etc., and he declares a purpose to sell cheaper than the cheapest. His old customers warmly welcome him back to his old "stamping ground," and express the hope that, like the "Charley Bowen," he has "come to stay." For Mr. H. is a very respectable advertisement, see another column.

FILOUR.

300 lbs. Flour medium grade, also 200 half bbls. medium quality suitable for the Southern trade for sale at the Egyptian Mills.

POLICE BUSINESS.

(Before J. Stannard, P. M.) John Cole and George Brock, ventured upon what they were pleased to call a "volitional test" and were gripped by the police when, at the very zenith of their volition, the two called for a fine of \$1 and costs against each, and the old squib imposed it. Paid.

Three young men took a bath in the Ohio yesterday evening, and a colored lady saw them. They conversed with her outraged by what she heard and saw, she sned. One of the three was fined by Squire Stannard; the others took a change of veneto Squire Brock.

You will greatly "miss it" if you don't buy the Star Shirt at John Antrim's, No. 73, Ohio Levee.

MEETING OF THE COUNCIL LAST NIGHT.

A quorum of members got together last night, and organized a joint session of the city council. The returns of the recent elections were canvassed, with the result published by us on the day succeeding the election. The proposition to subscribe \$100,000 to the capital stock of the Kentucky and Tennessee railroad company was decided affirmatively by a majority of 374 votes. Col. S. S. Taylor was elected to fill the vacancy in the Select Council, occasioned by the resignation of Capt. G. D. Williamson, by a majority of 411 votes.

After the adjournment of joint meeting the board of Aldermen met for the transaction of miscellaneous business. Considerable discussion and feeling were excited over a motion to allow the claims for salary filed by the two extra policemen appointed by the Mayor under a misconception of the provisions of the ordinances. Some of the Aldermen claimed that the said policemen had been acting without warrant of law, and were therefore entitled to no compensation. Others thought that the Mayor had appointed them in good faith, erroneously believing that he had a right to do so; and that the policemen should be paid for service they rendered while under the conviction that they were regular and legal appointees. In this view of the case the extras would receive pay for the month of May, and a vote, which was finally reached, awarded them that amount. A subsequent motion to pay their salary to the first day of June, was voted down.

Sundry other matters commanded the board's attention, but for details the reader must await the publication of the proceedings, which will probably be made to-morrow or next day.

PULASKI COUNTY ITEMS.

Correspondence of the Bulletin: MOUND CITY, ILLS. June 5, 1870.

—Since my last, I perceive you have received a pretty full account of Decoration Day at our National Cemetery; I shall only add the generally expressed wish of all good patriots, that next time the proceedings will not be quite so partisan. If a Radical candidate for Congress, and other office-seekers, are permitted to turn these solemn occasions into mass meetings for electioneering purposes, it had as well be known now as at any other time.

—The second attempt to ratify the Fifteenth Amendment came off last Thursday. Lieut. Gov. Dougherty was so badly treated at the decoration ceremonies he failed to appear. Also Dave Linegar didn't come to time. The irrepressible Daniel Mann was on hand and spoke his piece. He claimed all the credit of the Fifteenth Amendment. Bingham was no where. Next followed Prof. Houston, colored orator. He could not help giving his radical white brethren a little advice: Let them beware, said he, how they again deny us a delegation to their conventions; and then went on to tell about the colored voters being as slippery as an oyster six times swallowed, etc.

—Circuit court adjourned Thursday night about 11 o'clock, to meet again on the 17th inst., to make a final wind up. For the first time in the history of the county the court failed to furnish an applicant for honors at Joliet.

—The Grand Jury also added another testimonial to our good morals by adjourning after three days, and only finding five bills in all.

—The strawberry festival the other evening, for the benefit of the Methodist church, was quite a success. Several hundred dollars was realized for the pastor.

—The most inhuman thing we have heard of for some time is the conduct of a certain M. D., who was lately attending a worthy citizen, confined with a fractured leg. For some reason, violent bleeding of the limb commenced. Suddenly he was abandoned by said M. D., and except for prompt attention from the family, would have bled to death very soon. We hope, for the sake of humanity, that there are some extenuating circumstances connected with this affair.

—The great event of the week was the city election on yesterday. The Radicals fully expected, with the colored vote, to carry everything. But the Mound City Democracy, ever true, rallied their force, and carried the whole ticket by majorities ranging from 30 to 70.

The prices of votes, as Mark Twain would say, "was fluctuating." Super Radical votes per doz., \$16 to \$18; negro Radical votes per doz., \$12.50 to 15.00.

The above quotations are for votes on small offices. On the big offices, such as mayor, collector, etc., 25 per cent. additional with 5 per cent. off for cash.

For Mayor, N. R. Casey received 51 majority. For Collector, J. W. Carter received 52 majority. For Clerk, W. E. Johnson received 54 majority. For Marshal, Simpson received 67 majority. For Treasurer, G. F. Meyer, no opposition. Moreahan, Yours, etc., DION.

—An examination is solicited—of what? Why, the choicest stock of piece goods—cloths, cassimere, doekings, linens, muslins, and silk vestings ever offered in the Cairo market. Call and see.

THE GREAT TOBACCO FAIR.

The liberal premiums provided by the citizens of Cairo, for the tobacco fair to be held in the Planter's Tobacco warehouse, on Thursday next, and the costly dinner to be spread for our visitors on that occasion, show a waking up to the importance of the enterprise set on foot by the Planter's company. The finest tobacco country in all the Southwest is that around-about Cairo. If one-half its present products can be concentrated for sale here, every department of our trade and business will be greatly vitalized thereby.

Our every-Thursday's sales already amount to about one hundred hogsheads. From these the owners realize at least \$10,000. Of this sum at least one-third is left with our merchants, hotel keepers and mechanics, and has an appreciable effect upon the general business of the city. When, instead of 100 hogsheads, we shall sell 500, and when, instead of \$10,000, the proceeds shall reach \$50,000, everybody will see the wisdom of the effort and outlay now being made, and candidly acknowledge it.

The probabilities are that the largest quantity of tobacco ever seen in Cairo, at one time, will be on the brakes of the Planter's warehouse on Thursday. The gentlemen having the management of the fair in hand, are bending their energies to such an end, and already have assurances of success. All of our Egyptian, Missouri, Kentucky and Tennessee planters and friends are cordially invited to come and see us on that occasion, and hundreds of them will doubtless respond. Let them come. A kind greeting and a good dinner if nothing else, await them.

In building up our tobacco market, the President of the Planter's company, Capt. J. M. Phillips, has worked with indefatigable industry, shirking no labor or responsibility, the assumption or performance of which promised to contribute anything toward the success of the enterprise. He deserves the gratitude of our citizens, and of all others who feel an interest in building up here such a tobacco market as the wants of the country demand. He is an active, intelligent and popular gentleman, and the very man, above all others of our acquaintance, for the position he occupies.

A WONDERFUL MICROSCOPE. Rev. Daniel Wise, D. D., editor of the New York Sunday School Advocate, thus speaks of the celebrated Craig Microscope.

"Its simplicity, cheapness and great magnifying power struck me with surprise. Then I was examining a fly's eye by its aid, and was struck with wonder at the skill and power of the Creator which is displayed in its structure. When I saw a statement in an advertisement that the Craig Microscope magnified one hundred diameters, and could be bought for \$2.50, I thought it was one of the humbugs of the hour, for I had paid \$20 for a microscope not long before. But now I find it to be a really valuable instrument which I should like to see introduced into the families of our readers in place of the manifold useless toys which please for an hour and are then destroyed. This microscope would both amuse and instruct them and I advise every boy and girl who wishes to know the wonders which lie in little things to save his money until he has \$2.75, which will pay for the microscope and the postage when sent by mail."

As a holiday gift this microscope is unsurpassed, being ornamental, instructive, amusing and cheap, and never loses its interest. Agents and dealers supplied on liberal terms. A sample will be mailed, post paid, to any address for \$2.75, by E. H. ROSS, 313 Locust street, St. Louis, Mo. Read the advertisement in another column. may183m

THE TRICHINA SPIRALIS OR PORK WORM. Perhaps it is not generally known that the much talked of trichina spiralis, or pork worm, was first discovered in America by Dr. R. C. Kendall, of Philadelphia, Pa., with that American instrument known as the Craig Microscope, costing only \$2.75, after repeated failures to discover the worm with an imported microscope, costing \$50, of feeble power and less reliable.

This fact Dr. Kendall stands ready to prove at any time. The "Craig Microscope" in neat box with full directions is mailed anywhere for \$2.75, by E. H. ROSS, 313 Locust St., St. Louis, Mo. Read the advertisement in this paper. my31, d3m

THE CRAIG MICROSCOPE. This Microscope is simplified and adapted to popular as well as scientific use. A new optical wonder! This is the only instrument of high power which requires no focal adjustment, and therefore can be readily used by every one, even by children. Costing only Two Dollars and Seventy-five Cents, by mail, post paid, it is within the reach of all in the community, and should be on the table of every Practitioner. BEAR IN MIND.

That MISHERS' HERB BITTERS is skillfully compounded, free from injurious component parts, agreeable to the taste, and destructive to disease. If you detect any change from the natural functions of your system, no matter how trivial, or where located, or if disease has already entrenched itself the really true and reliable remedy in either case is MISHERS' HERB BITTERS. This assertion is based upon what we know it will do in relieving, curing, and warding off disease. For want of space we cannot detail the diversified uses of this Bitters, but its general effects upon the human system are to purify the blood and secretions; correct morbid changes in the blood, equalize its circulation, enrich its constituents and regulate its supply; it imparts vitality and elasticity to every organ; overcomes all functional derangements; assists in the process of digestion, creates a healthy appetite; prevents and cures miasmatic and intermittent fevers, dyspepsia, liver complaint, nervous headache, kidney affections, and revives the physical energies by infusing new life and power into the system. tu&w 1w

The weather is clear and pleasant with a splendid breeze from the north. The river has risen four inches since last report. The Mississippi is still receding slowly. The Ohio is stationary at Pittsburg with scant four feet in the channel. It is falling at Louisville with only three feet six inches in the chute down the falls. It has also begun to recede at Evansville. Business here continues fair at our wharf, so far as receipts and shipments are concerned. The Magneta did not get away until near midnight, and was deeply laden, having added fully one thousand tons here. The Arthur left after dark, having received 300 tons here, and was deeply laden. The new Pittsburg and Cincinnati packet, Arlington, will come below the falls in a short time and remain during the low water season. It is not yet settled where she will run. She is an elegant and swift sidewheel steamer, finely finished. Capt. DeHaven has at length made a contract for his new Cairo and New Orleans packet. It is to be built by Mack, at Cincinnati.
